## About the Arab Federation of Exchanges (AFE)

The Arab Federation of Exchanges (AFE) was established in June 1978 by the League of Arab States.

The Arab Federation of Exchanges (AFE) is the official Regional Federation representing the Arab Exchanges and works in close cooperation with the World Federation of Exchanges (WFE) and the Federation of Euro-Asian Stock Exchanges (FEAS).

The Mission of the Arab Federation of Exchanges is to create a transparent and developed environment for the Arab Capital Markets, to reduce the barriers of securities trading across the countries, to enhance the communication among its members and to coordinate their activities with the Regional and International partners.

The Headquarter of the Arab Federation of Exchanges is located in Beirut, Lebanon.

Dr. Ghaleb Mahmassani, the Acting President of the Beirut Stock Exchange is the Chairman of the AFE for the current exercise.

Dr. Fadi Khalaf is the Secretary General of the AFE, former President of the Beirut Stock Exchange.

The AFE issues quarterly and annual reports along with studies and surveys reflecting the official figures of its members and published on the AFE website and disseminated through regional and international financial platforms.

The AFE regroups the 18 Arab Regulated Exchanges, 4 Clearing Settlement and Depository Companies (CSDs) and 33 Financial Services Institutions as Affiliated Members covering the GCC, Levant and North Africa regions.

### **Members of the Arab Federation of Exchanges:**

#### **I - Exchanges**

#### **II - Clearing Settlement & Depository Companies (CSDs)**

#### **III - Affiliated Members (Financial Services Institutions)**

#### **I - Exchanges:**

- ◊ Abu Dhabi Securities Exchange (ADX)
- ◊ Amman Stock Exchange (ASE)
- ◊ Bahrain Bourse (BHB)
- ◊ Beirut Stock Exchange (BSE)
- ◊ Casablanca Stock Exchange (CSE)
- ◊ Damascus Securities Exchange (DSE)
- ◊ Dubai Financial Market (DFM)
- ◊ Egyptian Exchange (EGX)
- ◊ Erbil Stock Exchange (ESX)
- ◊ Iraq Stock Exchange (ISX)
- ◊ Khartoum Stock Exchange (Khartoum)
- ◊ Boursa Kuwait (KSE)
- ◊ Libyan Stock Market (LSM)
- ◊ Muscat Securities Market (MSM)
- ◊ Palestine Exchange (PEX)
- ◊ Qatar Stock Exchange (QSE)
- ◊ Saudi Stock Exchange (Tadawul)
- ◊ Tunis Stock Exchange (TSE)

#### **II - Clearing Settlement & Depository Companies (CSDs):**

- ◊ Kuwait Clearing Company K.S.C.
- ◊ MAROCLEAR (CSD Morocco)
- ◊ Misr for Clearing, Depository & Registry (M.C.D.R)
- ◊ Muscat Clearing & Depository (S.A.O.C)

### **III - Affiliated Members of the Arab Federation of Exchanges (AFE): (Financial Services Institutions)**

- ◊ Abu Dhabi Islamic Bank Securities (ADIB Securities)
- ◊ Ahli Brokerage

## AFE Secretary General Overview

**Dr. Fadi KHALAF**

### Arab Markets: Technical Versus Fundamental

Until recently, very few of international analysts were interested in publishing their views on the Arab Capital Markets. During the past years, we have noticed a considerable increase in analysts interest in the Arab region, pulling out the local investors from the constraint scope of rumors and privileged information to a wider scientific approach.

It warms my heart today when I witness that the discussion among the Arab investors reached the ever existing global debate about the accuracy of the Technical and Fundamental analysis. This goes along with the recent increasing interest in Technical analysis.

Why now?

More than ever, I recall the year 1988, the day I was standing in front of my research advisor at the Sorbonne University in France. I was trying hard to convince him in testing the efficiency of Central Banks interventions on the Forex Markets by combining Fundamental and Technical analysis methods. At first, this idea looked out of reach, and he had a negative reaction. Back these days, Technical analysts were seen by academics as “augurs” who predict the future through charts. Nowadays, when I see economists passionately talking about Supports and Resistances levels, combining both Fundamental and Technical analysis terms, I recall these good memories. Looking forward for the outcome of this constructive approach on the Arab Markets.

Although the Technical analysis has started at the end of the 19th century, it had to wait for the globalization to be widely spread. It rose from the necessity of analyzing hundreds and even thousands of companies, currencies and commodities that require a fast analysis in a limited time. Moreover, it is well known that analyzing a chart is much less time consuming than analyzing a budget or an entire economic indicators for a country. Nevertheless, considering the Technical analysis as a fast tool doesn't imply that it's easy to be reached by any new comer.

How to combine Fundamental and Technical analysis?

Several experts recommend to select the right company through the Fundamentals and to choose the right timing to intervene through the Technicals. In order to be efficient, this combination should respect a wise level of leverage, preventing the investor from being forced of closing his position during correction periods.

Wishing you fruitful investments,

**Dr. Fadi Khalaf  
Secretary General  
Arab Federation of Exchanges (AFE)**

## كلمة أمين عام إتحاد البورصات العربية

الدكتور فادي خلف

### بين فني وأساسي فضلاً التكامل

لطالما عانت منطقتنا العربية من ندرة المحللين العالميين المهتمين بجسّ نبض أسواقنا. إلا إننا ومنذ عدة سنوات، بدأنا نرى العديد من محللي الأسواق على شاشات التلفزة المتخصصة يحلّلون بطرق علمية متعددة أسواق المنطقة، فاتحين للمتداولين أفقاً جديداً آخر جتهم من حصرية الأخبار المتنقلة وشواهدها وإن كانت هذه الأخيرة ما زالت تحظى بحِيز لا بأس به من التأثير على أسعار التداول.

أفرجُ اليوم حين أرى أن النقاش بين المتعاملين في أسواق المال العربية ارتقى إلى مستوى الجدل العالمي، القديم المُتجدد، حول التفاضل بين التحليلين الأساسي والفنى. خاصةً بعد أن أخذ التحليل الفنى يحتلّ حِيزاً لا بأس به من اهتمامات المتعاملين في الأسواق العالمية وبوتيرةٍ متسارعةً. لماذا هذا الإهتمام بالتحليل الفنى وهل من تكاملٍ بينه وبين التحليل الأساسي؟

أذكر اليوم أكثر من أي يوم مضى عام 1988، يوم وقفت أمام مدير أبحاثي في جامعة السوربون الفرنسية محاولاً إقناعه بجدوى مقاربة تدخلات المصارف المركزية في أسواق القطع من الناحيتين الأساسية والفنية معاً، فإذا به يعترض بشدة، إذ كان إقتصاديُّو العالم يومها يُشتَهِنُ المحللين الفنِّيين بالمنَّاجِمين الذين يُستقرُّونُ مُستقبل الأسواق المالية عبر الرسومات البيانية. حسناً فعلتُ بإصراري حينها، فها إنني أرى اليوم العديد من خبراء المال يتحثّرون بشغفٍ عن مستويات الدعم والمقاومة، مزواجهن في إطلاعاتهم الإعلامية بين مُصطلحات التحليلين الأساسي والفنى.

رغم أن بدايات التحليل الفنى تعود إلى نهاية القرن التاسع عشر، إلا أن انتشاره على نطاقٍ واسعٍ اعتمد على تطور التكنولوجيا التي ساهمت بفتح الأسواق بعضها على بعض، حيث أضحى تَنَفُّلُ رؤوس الأموال بين العديد من الأسواق يتطلب تحليلاً سريعاً للمناسن لا بل الآلاف من الشركات والعملات والمواد الأولية في آنٍ واحدٍ وفي وقتٍ محدودٍ جداً. عَنِّي عن الذكر بأن تحليل رسم بياني يتطلب من الوقت أقل بكثير من تحليل ميزانية، كما أن دراسة الرسم البياني لعملة يتطلب أقل بكثير من تحليل كافة المؤشرات الاقتصادية. إلا أن السرعة لا تعني إستهلاك التحليل الفنى ومواده. إن ما نخشى هو رؤية بعض المستجدين على التحليل الفنى يُطْلِقُون العنان لتحليلاتهم على أسواقنا العربية دون خبرةٍ كافية، لمجرد أنهم إستحصلوا خلال بضعة أشهر على شهادة في التحليل الفنى من هذا المعهد أو ذاك، فإستهلاك لقب خبير مُتناسين أن الخبرة هي مُرافِد لسنوات عديدة من التحصيل العلمي والممارسة. وبالتالي نخشى أن ينقل المتعامل في الأسواق المالية في منطقتنا العربية من التأثر بالأخبار المتنقلة إلى التأثر بآراء بعض الطارئين على مزاولة مهنة التحليل الفنى، مُتمنِّين على الهيئات الرقابية الحُوَول دون ذلك، عبر تنظيم هذه المهنة الدقيقة.

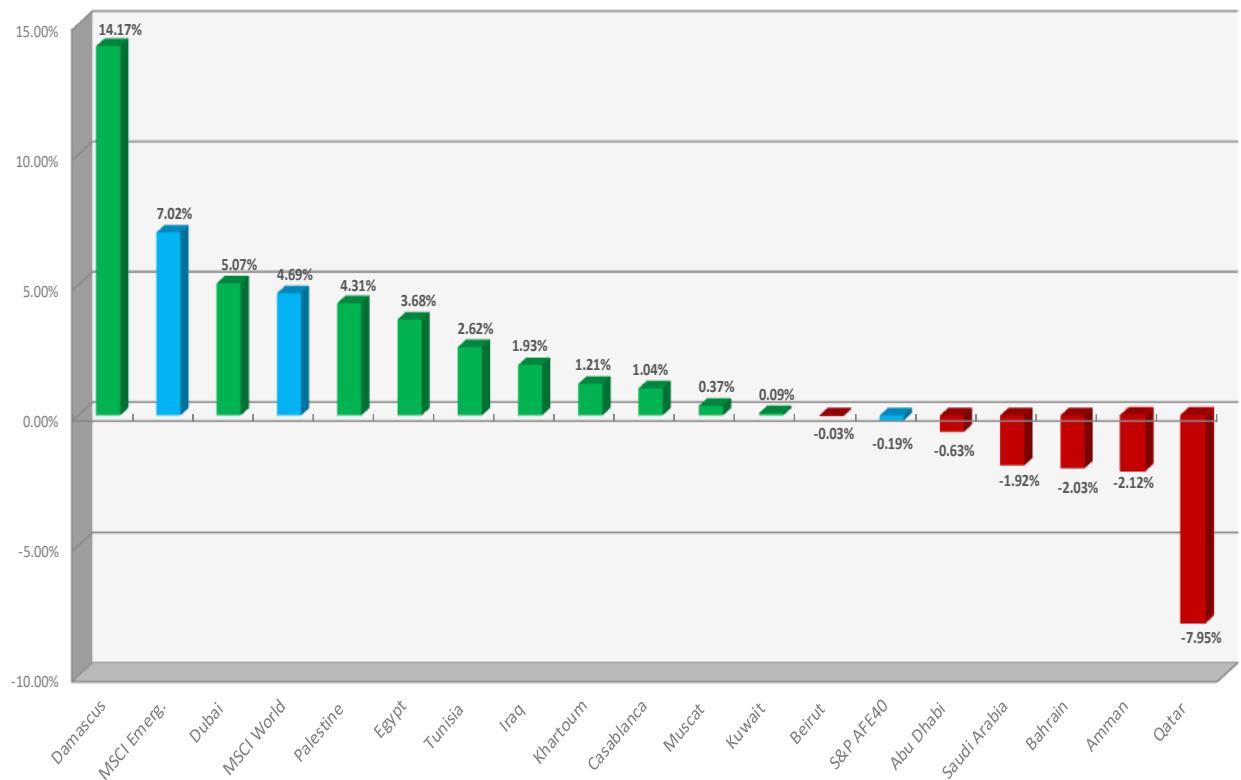

أما التكامل بين التحليلين الأساسي والفنى فيمكِّن التوصل إليه، بحسب العديد من الخبراء، عبر إنتقاء الشركات طبقاً للتحليل الأساسي، فيما يُترك اختيار التوفيق المناسب للشراء أو البيع للتحليل الفنى. على أن لا تتعذر نسبة الشراء على الهامش، في حال اللجوء إليها، قدرة المستثمر على الإحتفاظ بمراكيزه خلال الإرتدادات التصحيحية التي قد تمرّ بها الأسواق، لكي لا يُفُوتَ على نفسه إمكانية الاستفادة من حُسن اختياره للأسماء، ويعود ليراها ترتفع بنسبٍ كبيرةً فيما إضطررَ الإفراط بالشراء على الهامش إلى إغفال مراكزه قسراً وقبل الأوان.

والله ولِي التوفيق،

الدكتور فادي خلف  
أمين عام  
إتحاد البورصات العربية
